Dear Shareholder,

You are cordially invited to our Extraordinary General Meeting of Shareholders (“EGM”) to be held at 3 Dublin Landings, North Wall Quay, Dublin 1, Ireland on January 30, 2024 at 3.00 p.m., Irish time (10.00 a.m., Eastern Time).

The purpose of the EGM is to ask shareholders to grant the board of directors the power under Irish law to issue an additional 5,000,000 ordinary shares for cash without first having to offer those shares to existing shareholders under pre-emptive rights that would otherwise apply to such issuances (referred to in this letter as the "pre-emption proposal").

As described in the accompanying proxy statement, the pre-emption proposal is required as a matter of Irish law and is not otherwise applicable to the non-Irish, Nasdaq listed companies with which we compete. The granting of this power would merely place us on par with other Nasdaq-listed companies and provide us with the flexibility to undertake the capital raising that we believe may be necessary from time to time. **We strongly believe that having the option to quickly take advantage of opportunities to raise capital through share issuances for cash, to fund the continued execution of our business plans and strategies beyond the second quarter of 2024, is critical to our success including our ability to bring oral sulopenem, if approved, to the market. Without the disapplication of pre-emption rights, our ability to raise additional capital for cash is severely limited which in itself may impact our ability to execute other corporate, strategic, financial and financing alternatives.**

After evaluating our expected short-term capital requirements and shareholder feedback following the extraordinary meeting of shareholders held in August 2023, we have significantly reduced the number of additional ordinary shares that we are seeking to be able to issue for cash without shareholder pre-emptive rights from 60,000,000 ordinary shares, to no more than 5,000,000 ordinary shares in our pre-emption proposal. We also reduced the duration of the requested authority from five years to 18 months. We believe that our current pre-emption proposal represents an appropriate balance between our need to flexibly execute on our business plans and strategy in the short term and shareholder concerns around dilution resulting from issuances of our ordinary shares for cash.

The enclosed Notice of EGM and the accompanying proxy statement set forth more detail on the pre-emption proposal that will be presented at the meeting. Our board of directors unanimously recommends a vote “FOR” Proposal No. 1 as set forth in the proxy statement.

We hope that you will participate in the meeting by voting through acceptable means as described in this proxy statement as promptly as possible. Your vote is important – so please exercise your right.

Sincerely,

\_\_\_\_\_  
Corey N. Fishman  
President and Chief Executive Officer

This proxy statement and the enclosed proxy card are being made available to shareholders on or about [ ], 2023.

Instead of mailing a printed copy of our proxy materials to all of our shareholders, we provide access to these materials via the Internet. This reduces the amount of paper necessary to produce these materials as well as the costs associated with mailing these materials to all shareholders. Accordingly, on or about [ ], we will mail a Notice of Internet Availability of Proxy Materials ("Notice"), to our shareholders (other than those who previously requested electronic or paper delivery of proxy materials), directing shareholders to a website where they can access our proxy materials, including this proxy statement and view instructions on how to vote via the Internet or by telephone. ## INFORMATION ABOUT AN EXTRAORDINARY GENERAL MEETING AND VOTING

This proxy statement is furnished in connection with the solicitation of proxies by the board of directors (the "board of directors" or the "board") of Iterum Therapeutics plc (the "Company," "Iterum," "we" or "us") for use at an Extraordinary General Meeting of Shareholders (the "EGM") to be held on January 30, 2024, beginning at 3.00 p.m., Irish time (10.00 a.m., Eastern Time), at 3 Dublin Landings, North Wall Quay, Dublin 1, Ireland and at any adjournment or postponement thereof. On December 12, 2023, the record date for the determination of shareholders entitled to vote at the EGM, there were issued, outstanding and entitled to vote an aggregate of [ ] of our ordinary shares, nominal value \$0.01 per share ("ordinary shares"). Each ordinary share entitles the record holder thereof to one vote on the matter to be voted on at the EGM.

**Your vote is important no matter how many shares you own.** Please take the time to vote. Take a moment to read the instructions below. Choose the way to vote that is easiest and most convenient for you and cast your vote as soon as possible.

If you are the "record holder" of your shares, meaning that you own your shares in your own name and not through a bank, broker or other nominee, you may vote in one of four ways:

(1) *You may vote over the Internet.* You may vote your shares by following the "Online" instructions on the enclosed proxy card. If you vote over the Internet, you do not need to vote by telephone or complete and mail your proxy card. The internet voting facilities for eligible shareholders of record will close at 4.59 a.m., Irish time on January 30, 2024 (11.59 pm, Eastern Time on January 29, 2024).

(2) *You may vote by telephone.* You may vote your shares by following the "Phone" instructions on the enclosed proxy card. If you vote by telephone, you do not need to vote over the Internet or complete and mail your proxy card. If you vote by telephone, your use of that telephone system, and specifically the entry of your pin number/other unique identifier, will be deemed to constitute your appointment, in writing and under hand, and for all purposes of the Irish Companies Act 2014, of each of David G. Kelly, Louise Barrett and Kevin Dalton as your proxy to vote your shares on your behalf in accordance with your telephone instructions. The telephone voting facilities for eligible shareholders of record will close at 4.59 a.m., Irish time on January 30, 2024 (11.59 pm, Eastern Time on January 29, 2024).

(3) *You may vote by mail.* You can vote by completing, dating and signing the proxy card provided to you and promptly mailing it in the provided postage-paid envelope. If you vote by mail, you do not need to vote over the Internet or by telephone. We must receive the completed proxy card by 5.00 p.m., Irish time (12.00 p.m., Eastern Time), on January 29, 2024.

(4) *You may vote in person.* If you attend the EGM, you may vote by delivering your completed proxy card in person or you may vote by completing a ballot at the EGM. Ballots will be available at the EGM. You may obtain directions to the location of the EGM by requesting them in writing or by telephone as follows: c/o Secretary, Iterum Therapeutics plc, Fitzwilliam Court, 1st Floor, Leeson Close, Dublin 2, Ireland, Phone: +353 1 9038354.

All proxies that are executed and delivered by mail or in person or are otherwise submitted online or by telephone will be voted on the matter set forth in the accompanying Notice of Extraordinary General Meeting of Shareholders in accordance with the shareholders' instructions. However, if no choice is specified on a proxy as to the proposal, the proxy will be voted in accordance with the board of directors' recommendations on the proposal as set forth in this proxy statement. All proxies will be forwarded to our registered office electronically.

After you have submitted a proxy, you may still change your vote and revoke your proxy prior to the EGM by doing any one of the following things:

- submitting a new proxy by following the "Online" or " Phone" instructions on the enclosed proxy card at a date later than your previous vote but prior to the voting deadline (which is 4.59 a.m., Irish time on January 30, 2024 (11.59 pm, Eastern Time on January 29, 2024));
- signing another proxy card and either arranging for delivery of that proxy card by mail to our registered office prior to the start of the EGM, or by delivering that signed proxy card in person at the EGM;
- giving our Secretary a written notice before or at the EGM that you want to revoke your proxy; or
- voting in person at the EGM.

Your attendance at the EGM alone will not revoke your proxy.

If the shares you own are held in "street name" by a bank, broker or other nominee record holder, which we collectively refer to in this proxy statement as "brokerage firms," your brokerage firm, as the record holder of your shares, is required to vote

---

your shares according to your instructions. To vote your shares, you will need to follow the directions your brokerage firm provides you. Many brokerage firms also offer the option of voting over the Internet or by telephone, instructions for which, if available, would be provided by your brokerage firm on the voting instruction form that it delivers to you. Because many brokerage firms are member organizations of the New York Stock Exchange ("NYSE"), the rules of the NYSE will likely govern how your brokerage firm would be permitted to vote your shares in the absence of instruction from you. Under the current rules of the NYSE, if you do not give instructions to your brokerage firm, it may still be able to vote your shares with respect to certain "discretionary" items. Proposal No. 1 is expected to be considered a discretionary item under NYSE rules and therefore your brokerage firm may be able to vote on that item even if it does not receive instruction from you, provided it holds your shares in its name. In the event a bank, broker or other nominee record holder determines that it does not have authority or otherwise does not exercise discretionary authority to vote on Proposal No. 1, it may deliver "broker non-votes" for such shares.

If your shares are held in street name, you must bring an account statement from your brokerage firm showing that you are the beneficial owner of the shares as of the record date (December 12, 2023 to be admitted to the EGM. To be able to vote your shares held in street name at the EGM, you will need to request a "legal proxy" from the bank, broker or nominee.

#### **Votes Required**

One or more Members (as defined in our Constitution) whose name is entered in our register of members as a registered holder of our ordinary shares, present in person or by proxy (whether or not such Member actually exercises his voting rights in whole, in part or at all) holding not less than a majority of our issued and outstanding ordinary shares entitled to vote at the EGM, will constitute a quorum for the transaction of business at the EGM. Ordinary shares represented in person or by proxy (including any "broker non-votes" as described above) and shares which abstain or do not vote with respect to one or more of the matters presented for shareholder approval) will be counted for the purposes of determining whether a quorum is present at the EGM. The following votes are required for approval of the proposals being presented at the EGM:

***Proposal No. 1: To grant the board of directors authority under Irish law to allot and issue an additional 5,000,000 ordinary shares (including rights to acquire shares) for cash without first offering those shares to existing shareholders under pre-emptive rights that would otherwise apply to the issuance.*** The affirmative vote of the holders of ordinary shares representing at least 75% of the votes cast on the matter and voting affirmatively or negatively is required in order to grant the board of directors authority under Irish law to issue shares (including rights to acquire shares) for cash without first offering those shares to existing shareholders under pre-emptive rights that would otherwise apply to the issuance.

Shares that abstain from voting as to a particular matter and any broker non-votes will not be counted as votes in favor of such matter and will also not be counted as shares voting on such matter. Accordingly, abstentions and broker non-votes will have no effect on the voting on the proposal referenced above.

## SHARE OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information with respect to the beneficial ownership of our ordinary shares as of November 30, 2023 by:

- (a) each person, or group of affiliated persons, known by us to beneficially own more than 5% of our ordinary shares;
- (b) each of our named executive officers;
- (c) each of our directors; and
- (d) all of our executive officers and directors as a group.

Beneficial ownership is determined according to the rules of the Securities and Exchange Commission (the “SEC”) and generally means that a person has beneficial ownership of a security if he, she, or it possesses sole or shared voting or investment power of that security, including share options that are exercisable within 60 days of November 30, 2023, restricted share units that vest within 60 days of November 30, 2023, shares issuable upon exercise of warrants within 60 days of November 30, 2023, and shares issuable upon exchange of our outstanding 6.500% exchangeable senior subordinated notes due 2025 (the “Exchangeable Notes”) (assuming physical settlement), which are exchangeable within 60 days of November 30, 2023. Our ordinary shares issuable pursuant to share options, restricted share units, warrants and Exchangeable Notes, but not taking into account any additional ordinary shares issuable to satisfy accrued and unpaid interest due upon exchange of any Exchangeable Notes, are deemed outstanding for computing the percentage of the person holding such share options, restricted share units, warrants or Exchangeable Notes and the percentage of any group of which the person is a member, but are not deemed outstanding for computing the percentage of any other person. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons named in the table below have sole voting and investment power with respect to all ordinary shares shown that they beneficially own, subject to community property laws where applicable. The information does not necessarily indicate beneficial ownership for any other purpose, including for purposes of Section 13(d) and 13(g) of the Securities Act of 1933, as amended. Percentage ownership is based on 13,418,477 ordinary shares outstanding on November 30, 2023. Except as otherwise set forth below, the address of the beneficial owner is c/o Iterum Therapeutics plc, Fitzwilliam Court, 1st Floor, Leeson Close, Dublin 2, Ireland.

## MATTER TO BE VOTED ON

### PROPOSAL NO. 1: LIMITED BOARD AUTHORITY TO OPT OUT OF STATUTORY PRE-EMPTION RIGHTS UNDER IRISH LAW

We are asking our shareholders to empower the board to allot and issue an additional 5,000,000 ordinary shares (including rights to acquire such shares) for cash without first having to offer them to all existing shareholders in accordance with the statutory pre-emption right under the Irish Companies Act 2014 which would otherwise apply to such issuances.

#### Overview

- Under Irish law before a company can issue ordinary shares or other securities convertible into or exercisable or exchangeable for ordinary shares, for cash, the company must first offer those shares on the same or more favorable terms to existing shareholders of the company on a pro-rata basis. This is commonly referred to as the statutory pre-emption right.
- The statutory pre-emption right can be dis-applied, or opted-out of, by approval of the shareholders in order to give boards the ability to more efficiently and cost-effectively access the capital markets. These opt-out approvals are typically valid for a maximum period of five years as allowable under Irish law.
- This pre-emption opt-out approval is required solely because we are incorporated in Ireland. Companies incorporated in the United States are not subject to similar share issuance restrictions. Instead, U.S. investors generally appear to accept that companies often need to access capital markets quickly, and that potential concerns associated with affording boards flexibility in this respect are adequately protected against by other factors, including the Nasdaq shareholder approval requirements applicable to certain share issuances, which we are also subject to as a Nasdaq listed company.
- Shareholder approval of the pre-emption opt-out proposal does not mean that our board would have no limits on future share issuances. We are subject to the full reporting requirements of Section 12 of the Securities Exchange Act of 1934, as amended, and as such, approval of this authority would not exempt us from applicable Nasdaq shareholder approval requirements or compliance with applicable SEC disclosure rules and other regulations. For example, Nasdaq rules generally require shareholder approval in the following circumstances, which will continue to apply, even if the pre-emption opt-out is granted:
  - oany issuance or potential issuance that will result in a “change of control” (generally a transaction which results in an investor or group of affiliated investors obtains a 20% interest in our voting securities or the right to obtain a 20% interest in our voting securities); and
  - oissuances that exceed 20% of the pre-transaction total shares outstanding which are sold at a discount (meaning a price that is the lower than (1) the closing price immediately preceding the signing of the transaction agreement; or (2) the average closing price of the ordinary shares for the five trading days immediately preceding the signing of the transaction agreement).
- The granting of the pre-emption rights opt-out authority eliminates the competitive disadvantage we are placed at compared to non-Irish, Nasdaq listed public companies and the risks associated with seeking transaction-specific shareholder approvals or having to first offer those shares that we propose to issue for cash to all of our existing shareholders in a time-consuming pro-rata rights offering.
- Pursuant to a resolution passed at our extraordinary general meeting held on January 28, 2021, our board is currently authorized to allot and issue up to 20,000,000 ordinary shares and 100,000,000 preferred shares (the “Previously Exempt Shares”) for cash without first offering those shares to our existing shareholders under the pre-emption opt out authority until January 26, 2026 (the “Existing Pre-Emption Authority”).
- In May 2023 at our annual general meeting of shareholders (the “AGM”), our shareholders granted our board of directors authority to allot up to an additional 60,000,000 ordinary shares for cash. As noted above, as required by Irish law, our shareholders must vote to waive or opt-out of the pre-emptive rights related to these additional 60,000,000 ordinary shares. We asked our shareholders to approve the disapplication of statutory pre-emption rights over the additional 60,000,000 ordinary shares and extend the Existing Pre-Emption Authority for the Previously Exempt Shares for a period of five years from the date of the AGM (the “AGM Proposal”) but we did not receive approval for this proposal at the AGM. We asked our shareholders again to approve the disapplication of statutory pre-emption rights over the additional 60,000,000 ordinary shares and extend the Existing Pre-Emption Authority for the Previously Exempt Shares for a period of five years (the “Prior EGM Proposal”) at our extraordinary general meeting on August 1, 2023 (the “August EGM”). Although we received over 62% support of the votes cast on the Prior EGM Proposal at the August EGM, we did not receive the affirmative vote of at least 75% of the votes cast as required under Irish law for the passing of special resolutions.

•After evaluating our expected short-term capital requirements and shareholder feedback following the August EGM, in the current proposal, we are asking shareholders to approve the issue and allotment of an additional 5,000,000 ordinary shares for cash without first offering those shares to our existing shareholders, with such authority expiring 18 months from the passing of the below resolution, as the Existing Pre-Emption Authority is not adequate for our capital requirements in the short term. Accordingly, this Proposal No. 1 is much more limited than the AGM Proposal and the Prior EGM Proposal. We believe that this Proposal No. 1 represents an appropriate balance between our need to flexibly execute on our business plans and strategy in the short term and shareholder concerns around dilution resulting from issuances of shares for cash.

#### *Certain Effects of this Proposal*

#### **If Proposal No. 1 is approved, it will give us more flexibility to issue shares, including through capital raises, and to continue to fund our development operations.**

•Based on our current business plans and strategy we expect that we will need to raise additional capital. Our specific capital requirements in the short term will depend on numerous factors, including, without limitation, the timing and costs associated with completing our ongoing Phase 3 clinical trial evaluating oral sulopenem for the treatment of uncomplicated urinary tract infection ("uUTI") in adult women and the potential resubmission of our new drug application ("NDA") for oral sulopenem to the U.S. Food and Drug Administration; the amount and timing of any payments we may be required to make in connection with the repayment of the 6.500% exchangeable senior subordinated notes due 2025 (the "Exchangeable Notes"); the outcome, timing and costs of seeking regulatory approvals, including with respect to the potential resubmission of our NDA for oral sulopenem for the treatment uUTI in adult women; upon the approval of an NDA, if any, the costs of establishing commercial manufacturing arrangements; the costs of preparing, filing and prosecuting patent applications and maintaining, enforcing and defending intellectual property-related claims; the cost of any pre-commercialization or commercialization efforts we undertake, if any; and the timing, receipt, and amount of revenues or royalties, if any, from any approved drug candidates.

•As of September 30, 2023, we had cash, cash equivalents and short-term investments of \$35.9 million. Based on our current operating plan, we expect that our current cash, cash equivalents and short-term investments will be sufficient to fund our operations into the third quarter of 2024. As such, our future viability beyond the second quarter of 2024, including through potential approval of oral sulopenem, is dependent on our ability to raise additional capital to finance our operations, with an equity raise being likely the most viable option available. If we do not have the ability to raise additional capital, including through the issuance of shares for cash, to fund our operating expenses beyond the second quarter of 2024, the Company will be severely limited in its ability to continue as a going concern.

•Approval of Proposal No. 1 would provide us with the ability to more efficiently and cost-effectively access the capital that we believe is necessary for us to continue to execute on our business plans and strategy in the short term.

•Our board of directors and management rely heavily on having the flexibility to quickly take advantage of opportunities to raise capital through share issuances for cash to fund the execution of our business plans and strategy.

#### **If Proposal No. 1 is not approved, our ability to raise additional capital and continue growing our business would be severely limited.**

•We are currently severely limited in the number of authorized and unissued shares we can offer for cash under our existing authority granted on January 28, 2021. If Proposal No. 1 is not approved, we would be limited under our existing authority to issuing only 5,006,144 ordinary shares (or rights to acquire such ordinary shares) for cash until January 26, 2026 without first offering such ordinary shares to our existing shareholders, based on the amount of authorized ordinary shares unissued or unreserved and therefor available for issuance under our existing authority as of November 30, 2023.

•As of September 30, 2023, we had cash, cash equivalents and short-term investments of \$35.9 million, and as of November 14, 2023, we expected that our existing cash resources would be sufficient to enable us to fund our operations into the third quarter of 2024. Based solely on the last reported sale price of our ordinary shares on Nasdaq on November 30, 2023 of \$1.88 per share, and assuming we issue for cash the maximum number of ordinary shares we are currently authorized to issue for cash pursuant to our existing authority, the maximum aggregate gross cash proceeds that we could potentially raise is \$9.4 million. We currently have no specific plans, arrangements or understandings to issue the additional ordinary shares for cash and there can be no assurance that we would be able to raise such funds were we to attempt to do so. Moreover, given our recent share price, even if we were able to sell equity securities to fund our operations up to our current opt-out authority, we do not believe that such funds would be sufficient to allow us to become and remain profitable.

•We believe the requirement to conduct a rights offering in connection with our future equity-capital raising activities would negatively impact the price at which we are able to sell our shares and could potentially result in greater dilution to our non-participating existing shareholders, or require us to seek alternative funding arrangements which may be unavailable

or only available on unfavorable terms. Our inability to raise funds efficiently when needed or on favorable terms may cause investors to lose confidence in us, which may cause our share price to decline. Without the ability to efficiently raise equity capital to fund our operations, we may be required to delay, limit, reduce or terminate our development program or grant rights to develop and market product candidates that we would otherwise prefer to develop ourselves.

- Our board of directors can still issue the 60,000,000 ordinary shares which were approved at the AGM in May 2023 even without approval of the pre-emption opt-out proposal. However, such issuances would entail more onerous, drawn out and costly processes, particularly given our very large shareholder base. For example, if the pre-emption opt-out proposal is not approved, in any capital raising transaction where we propose to issue shares (including rights to acquire shares) for cash consideration, we would be required to first offer those shares to all of our existing shareholders in a time-consuming pro-rata rights offering, which would (i) disadvantage us compared to non-Irish Nasdaq listed companies, (ii) significantly encumber and increase the cost of our capital-raising process and (iii) dramatically increase the timetable for completing any such financing transaction.

- Principal and interest on the outstanding Exchangeable Notes become due on January 31, 2025. We may not have enough available cash or be able to obtain financing at that time and, if Proposal No. 1 is not approved, we may not be able to continue to finance our operations up until that time. Our failure to make repayments when due would constitute a default under the indenture governing the Exchangeable Notes. A default under that indenture could also lead to a default under any agreements governing our future indebtedness.

The statutory pre-emption right applies only to share issuances for cash consideration; accordingly, it does not apply where we issue shares for non-cash consideration (such as in a share exchange transaction or in any transaction in which property other than cash is received by us in payment for shares) or, where we issue shares to employees pursuant to our employee equity compensation plans.

The text of the resolution in respect of this proposal is as follows:

“**THAT**, without prejudice to the existing authority to opt out of statutory pre-emption rights under Irish law conferred by Shareholders at the Company's extraordinary general meeting on January 28, 2021, the Company's directors be and are, with effect from the passing of this resolution, hereby empowered pursuant to Section 1023 of the Irish Companies Act 2014 to allot equity securities (including rights to acquire equity securities) within the meaning of the said Section 1023 for cash pursuant to the authority conferred by Shareholders at the Company's annual general meeting on May 3, 2023 as if Section 1022 of the Irish Companies Act 2014 did not apply to any such allotment, provided that this authority shall be limited to the allotment of equity securities up to an aggregate nominal amount equal to \$50,000 (5,000,000 ordinary shares) and, the authority conferred by this resolution shall expire eighteen months from the passing of this resolution, unless previously renewed, varied or revoked and provided that the Company may before the expiry of such authority make an offer or agreement which would or might require equity securities to be allotted after such expiry and the Company's directors may allot equity securities in pursuance of such an offer or agreement as if the power conferred by this resolution had not expired.”

**OUR BOARD OF DIRECTORS HAS UNANIMOUSLY DETERMINED THAT THIS PRE-EMPTION OPT-OUT PROPOSAL IS IN THE BEST INTERESTS OF THE COMPANY AND ITS SHAREHOLDERS AND RECOMMENDS THAT YOU VOTE FOR THE PRE-EMPTION OPT-OUT PROPOSAL.**
